AMENDMENT

RECEIVED  
FEB 03 2003  
TECH CENTER 1600/2900

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

In response to the Office Action mailed September 27, 2002, please amend the above-identified application as follows.

AMENDMENTS

IN THE CLAIMS:

Please amend claims 1 and 31. Please add new claims 56-65.

1. (Amended) A method for modifying the glycosylation pattern of a glycopeptide comprising an acceptor moiety for a first fucosyltransferase wherein said first fucosyltransferase lacks a membrane anchoring domain, said method comprising:  
contacting the glycopeptide with a reaction mixture that comprises a fucose donor moiety and the first fucosyltransferase under appropriate conditions to transfer fucose from the
